

By LARRY ALSTON, President of Christ to the World Ministries

The vision for Christ to the World Ministries. **SIMPLY PUT:** To take the gospel of Christ to people everywhere, in ways they can understand, where they live.

Jesus said : "MAKE DISCIPLES OF ALL NATIONS."

The challenges before us are so vast. Please pray with us and join hands with us to take the Gospel of Jesus Christ to people throughout the world.

We are currently broadcasting through radio, Internet, and MP3 formats in 23 countries

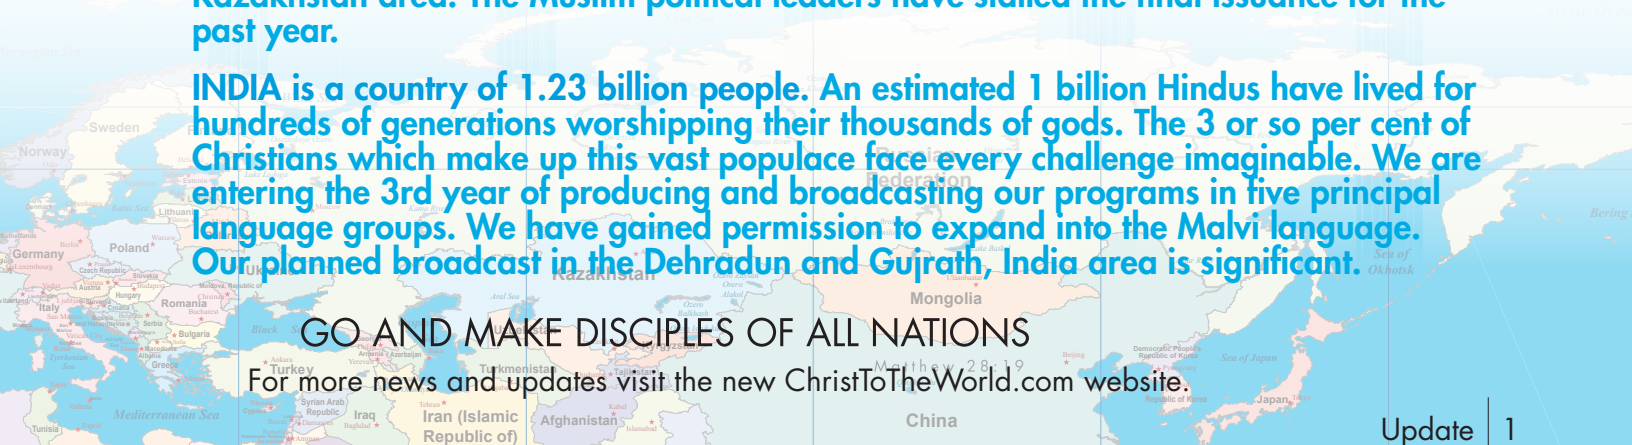

across Asia, far eastern Europe, the Middle East and Africa representing a population of 3 billion people. We know from listener feedback that Christians in these countries who listen to these simple and compelling drama stories and access our Bible study guides are coming to a deeper understanding, and for some, a relationship with Christ. Muslims, Buddhists, Hindus and atheist listeners are accepting Christ as Lord and Savior. Thanks to all our prayer partners, writers, editors, artists, and volunteers who are a part of this Ministry team. Thank you to those who lay up their treasures with financial support.

In this issue of Mission Update, I want to share some feedback from our Broadcasting partners and outreach of our Ministry thus far in 2010.

Throughout Russia, Ukraine, Kazakhstan and many of the former Russian controlled countries, we have begun the 5th year of our trademark drama programs called "The Story Within." Listener feedback reflect the hope that many people have experienced in the relevance of God's grace and forgiveness in their lives through faith in the Savior, Jesus Christ using these drama programs to reveal Jesus. We recently completed the first 11 programs in a series called 'Persons Who Met Jesus' in Kazakhstan, in the Kazakh language. The feedback from the listeners has been well received considering this predominant Muslim culture. We still are holding out for the issuance of the approved FM license which will give us radio saturation in the Almaty, Kazakhstan area. The Muslim political leaders have stalled the final issuance for the past year.

INDIA is a country of 1.23 billion people. An estimated 1 billion Hindus have lived for hundreds of generations worshipping their thousands of gods. The 3 or so per cent of Christians which make up this vast populace face every challenge imaginable. We are entering the 3rd year of producing and broadcasting our programs in five principal language groups. We have gained permission to expand into the Malvi language. Our planned broadcast in the Dehradun and Gujraath, India area is significant.

Gujrath, India is known as the 'Land of Martyrs' due to anit-Christian elements and violence toward Christians and Missionaries. It is a challenge to translate from English to Hindi to Malvi, but our hope is that the programs of Jesus will open hearts and minds of those who respond with prejudice and violence against Christian or family members inter-

ested in learning of the one, true God. We know from meeting with listeners from many parts of India that our programs are changing lives and miracles do happen through the transforming power of Jesus. We are particularly thankful to our partners for follow up with listeners.

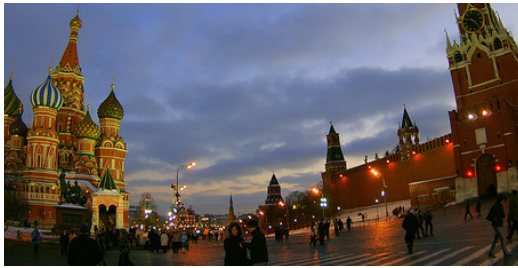

We will produce our programs and broadcast in Tibet.

This new outreach will reach a Buddhist population in their native Tibetan language. I believe the Tibetan people will be open to the drama story format. Please pray that families will be changed as many learn of the one true God and His Son.

Our expansion into Africa is on schedule. We have completed the translation of the first 26 programs in

North Sudanese language, working from our studios in Khartoum. Our first broadcast is scheduled for September.

We have completed the first 12 of 26 programs in Arabic. Planned broadcasts in Yemen, Iraq and Egypt will reach a Muslim population. The

letters, calls, and text messages from our Chrisitan listeners speak of their hope. As Jesus addressed the human condition 2,000 years ago, these stories are still relevant today and are changing lives. We believe many Muslims will be affected by the relevance of Jesus. Please pray that lives are changed and the anti-Christian violence against Christians and those Muslims considering to follow Jesus will cease.

CHINA AND KOREA: I recently returned from meeting with our Chinese and Korean partners. They are smart, hard working and passionate

about sharing Christ. It is a blessing to join hands as we cast the net in Jesus name. Opportunities to expand radio and Internet outreach in these countries is reaching millions of listeners. A SPECIAL pilot program written by our Senior Editor, Dr. Art Criscoe called "Good News," will be broadcast in early fall. This concept program offers a clear understanding of the plan of Salvation.

This Ministry is only possible by God's grace and provision. Please be penerous. Your financial support and prayers allow you to be a part of a ministry that shares Christ to the World. I believe you will make a life changing difference by your support.

In His Name,

Larry Alston
